Find me a.gov with a background check that I would be forced to use at age 18, and I'll go along with it. As an aside, my big concern is - who will be the first Democrat to fund this, thereby opening the door for any and all Republican state and federal candidates. I remember the euphoria the Democrat party went through after the SchumerCare (ObamaCare) was passed. I see little difference between this and "national consensus" except that the government will have the power to mandate what
